

GeoQuery — Analysis Report

17/07/2026, 17:22:29

Caption

An overhead RGB image showing open ground (~29%), vegetation covering roughly 27% of the scene, road surfaces (~9%).

Detection summary

- building: 0 object(s), 0% coverage
- road: 1 object(s), 9% coverage
- vehicle: 18 object(s), 0% coverage
- vegetation: 4 object(s), 27% coverage
- water body: 1 object(s), 5% coverage
- open ground: 4 object(s), 29% coverage

Q&A transcript

GeoQuery: Ø=Ü÷ Caption: An overhead RGB image showing open ground (~29%) the scene, road surfaces (~9%).

I detected 28 object(s) across 5 class(es). Image resized from 1448×1086 to 1024×768 to satisfy the 1024 px limit.

Ask me anything — count objects, mark a class, check colours, or ask yes/no questions.

GeoQuery: Ø=Ý Selected object: a vehicle at 65% confidence. Attributes: yellow covering ~0% of the image.
