

GeoQuery — Analysis Report

17/07/2026, 22:48:06

Caption

An overhead RGB image dominated by vegetation covering roughly 56% of the scene. It also contains 3 buildings, road surfaces (~11%), 8 vehicles. The scene is largely natural / green.

Detection summary

- building: 3 object(s), 19% coverage
- road: 1 object(s), 11% coverage
- vehicle: 8 object(s), 0% coverage
- vegetation: 2 object(s), 56% coverage
- water body: 0 object(s), 0% coverage
- open ground: 0 object(s), 0% coverage

Q&A transcript

GeoQuery: Caption: An overhead RGB image dominated by vegetation covering roughly 56% of the scene. It also contains 3 buildings, road surfaces (~11%), 8 vehicles. The scene is largely natural / green. I detected 14 object(s) across 4 class(es). Image resized from 1448×1086 to 1024×768 to satisfy the 1024 px limit. Ask me anything count objects, mark a class, check colours, or ask yes/no questions.
